Residential Building Plot in Lakatamia, Nicosia €270,000 +VAT

 Lakatamia, Nicosia

A 676 m² residential building plot in Lakatamia provides an open footprint for private construction.

The land carries residential zoning and is offered at an asking price of 270,000 EUR (plus VAT).

Lakatamia is a residential municipality adjoining the southwest of Nicosia. The built environment consists of low-rise detached houses and apartment blocks. Everyday facilities throughout the municipality include supermarkets, pharmacies, banks, and bakeries. The area connects directly to the national highway network toward Larnaca and Limassol.
